LAYOUT & ACCOMMODATIONS

Entrance to the main salon is aft through the cockpit. The modern layout features a roomy galley to port and a lounging area to starboard. Expansive windows all around offer panoramic views while underway or at anchor. The gray leather wrap-around couch seats five adults comfortably for conversation or TV viewing. The entertainment center is well-appointed with a 24" flat screen Sharp TV, Sony receiver / tuner, DVD and VCR players, stereo with dual cassette, plus storage for CD's and tapes. Recessed and task lighting accent the salon. Remote control window treatments port and starboard provide easy adjustments for changing privacy and light requirements.

An extensive navigation station completes the main salon. It has a Brazilian Cherry appointed console and gray leather helm seat with unobstructed views on all sides. Details of equipment housed here will be included in a later review of electronics.

The starboard hull is dedicated to the owner's suite. The stairs down port and starboard are Brazilian Cherry with indirect LED lighting. The aft stateroom features a queen-sized bed with innerspring mattress and storage beneath. The in-room dressing table has a large mirror and storage drawer. This stateroom offers a bulkhead-mounted sound system, recessed lighting, two opening 12" x 12" hatches, three opening port lights and thoughtfully located light switches.

Amidships is the owner's office. Its spacious desk has file-sized drawers and overhead lockers with European-styled positive locks. Weather fax, phone and computer connections are installed here. Easily accessible 110-volt outlets and phone jacks provide convenience for computer and communications needs. Forward of the office is a dressing room with ample hanging closet, sliding mirrored doors, a privacy lock and European-styled head. Amenities here include a molded tub/shower unit, a molded sink with vanity, Vacu-flush head and plenty of storage. Abundant opening hatches and port lights lend superb ventilation and natural light throughout this area.

The port hull houses a guest cabin aft, crew's quarters forward and a shared head. The guest stateroom features a queen-sized bed with innerspring mattress, a generous hanging locker with mirrored doors, recessed lighting, two opening 12" x 12" hatches, two opening port lights, and a privacy lock. The port head includes a molded sink/vanity unit, medicine cabinet, a roomy storage locker, Vacuflush toilet and a stand-up shower. An opening hatch provides both ventilation and natural light.

Crew's quarters has a double V-berth and full-length single berth with under-bunk storage plus an adjacent hanging locker. Plentiful ventilation through opening hatches and port lights. Some additional features Awesome 1 offers: 6'7" standing head room in the main salon, conveniently located light switches, and privacy curtains at the base of port and starboard stairways. All staterooms have bulkhead-mounted fans for increased circulation. Three air conditioners with in duct electric dampers, can be used jointly topsides or zoned to include one or both hulls, as occupancy needs require. Forward opening hatches in both hulls are a generous 24" x 24", and can be used as escape hatches if necessary. Coordinated wall treatments and high quality carpeting throughout both hulls complete the unique, modern decor.

GALLEY

Warm-toned Brazilian cherry flooring and European -styled cabinetry in the galley complement the sleek lines of this New Zealand built vessel. Amenities include a 9.5 cu.ft. Refrigerator / freezer, a 4 burner electric stove, and exhaust fan. An under-cabinet coffee maker, under-counter microwave oven, ample cabinets and counter tops make entertaining a pleasure. A bonus top loading outside refrigerator and icemaker offers cold storage without sacrificing counter space. The sink features 2 basins and a dish drain in stainless steel with pressure hot and cold water. All cabinetry in the galley features positive locks to eliminate mid-cruise spills and mishaps.

ELECTRONICS

- Lower Helm Electronics:
- Icom IC-M125 VHF
- Icom IC-M600 SSB
- Dual Furuno Nav Net system chart plotter
- Furuno 1731 Radar: 24 NM
- Furuno FCV-581 Depth Sounder
- Furuno Weather Fax
- KVH digital compass 314 AC
- Com Nav 1001 Auto-pilot with rudder angle indicator
- Ray-Line 6000 Series Search light 255SL
- Two-speed wiper controls
- Upper Helm Electronics:
- Icom IC-M59 VHF
- Furuno chart plotter inter connected to lower helm units
- Furuno 1731 Radar: 24 NM
- ComNav Autopilot 1001 Mate
- Cetrek C-Net Depth Sounder
- Ray-Line Remote Search Light
- ACR 406 Rapid Fix EPIRB, Located in deck locker
- ComPhone to galley
- Arch raising / lowering controls (hydraulic)

BROKER'S REMARKS

Awesome 1 is the first of eight power catamarans, originally designed as a stable platform to cruise from New Zealand to Tahiti without fuel stops. Therefore she has the ability to cover great distances efficiently and at comfortable speeds. At an economic cruise speed of 20 knots, she can cover close to 500 miles in a day. Excellent sight lines give her ease of docking and maneuvering in very tight quarters thanks to 360 degree unobstructed visibility from the bridge deck. The current owner frequently travels without additional crew.

Modern Divinycell-cored hulls offer light, stable construction and Kevlar sheathing lends strength and soundness to her design.

Never having been chartered, this vessel has had licensed full time captains since she was launched that have maintained her in pristine cosmetic and mechanical conditions. Used primarily for diving and entertaining guests, she has served her owners reliably from the Great Lakes to the Bahamas, Caribbean, and Florida Keys. A truly exceptional, sea-friendly vessel with the versatility to make distant coves a place you can call home.

Boarding Awesome 1 from either side of her cockpit, there is inviting seating for 8 to 10 adults facing aft toward the main swim platforms with courtesy lighting and sun tarp. Owner and guest alike will appreciate such cockpit features as a walk-in storage room and storage, wet locker, washer-dryer unit, fishing pole holders, bait well, fish cleaning station with stainless steel sink, and large port and starboard deck lockers. A 14.4 cubic ft. Sub Zero top-loading refrigerator with removable segmented storage for beverages eliminates galley congestion. Electricity, phone, and cable outlets, exterior stereo speakers and showers are installed aft on each side of the vessel.

The current owner of AWESOME 1 has just completed a 2-year redecorating project, so the boat is looking sharp for her new owner.

For further information and photos, please contact Central Agent Walt (the Powercat Guy) Strzalkowski.
